2008 Catalog

TO OUR FELLOW ORCHID LOVERS:

The guiding principles of Bloomfield Orchids remain the same:

- Above all, high quality plants
- Consistent low, competitive plant and shipping prices.
- No minimum domestic order size.

Any questions? Do you want recommendations? Please call. We'll advise you to the best of our ability. Please visit our web site for pictures, frequent updates, and specials

www.bloomfieldorchids.com

We attend many orchid shows and paph events around the United States and Canada. Please call ahead with your order if you are planning to attend one of these events. It may be possible to deliver your order in person.

If you expect to be in the Rochester, New York, area and would like to visit our greenhouse, please call ahead for an appointment.

NFS means near flowering size (within 6-12 months).

FS means flowering size (within 3-6 months).

Leaf Span refers to the distance from the tip of one leaf to the tip of the alternate leaf. Leaf spans are noted in **inches**. One inch equal 2.4 centimeters. On upright growing plants, Leaf Span is measured from the crown of the plant to the tip of the two longest leaves.

Ⓢ means the species or hybrid is a **new addition** to our catalog for 2008.

We are trying to be conservative on our judgment for flowering, but there will be variations due to growing environments, genetics, etc.

Please note: you may receive plants that are potted in smaller pots (or larger) than indicated in the catalog.

Plants are priced more by leaf span than pot size!

We recommend that you leave the plants in our pot for 3-6 months to adjust to your conditions! The medium is fresh and the plants don't need immediate repotting.

We do not offer a wholesale catalog. Please see the order form for our quantity discount schedule.

Parvisepelum Hybrids

We would like to bring the hybrids using the "new" Chinese Paphs to your special attention. They are the latest in the state of the art in hybridizing: compact growers in fantastic color ranges; crosses with delenatii and malipoense are fragrant! Most are in short supply and in very high demand.

1358	Envy Green (primulinum v. album x malipoense) Cool, lime green flowers with a hint of tessellations	2.5 6-8 NFS	\$25.00
1163	Fanaticum (malipoense x micranthum) Large flowers on small plants. Colors range from pinks to lime green. Strong red to burgundy veining in the petals. Very desirable!	2.5 5-6 NFS	\$29.95
909	Gloria Naugle (rothschildianum 'Swallow' x micranthum 'Mevius') A great Parvi hybrid at a very affordable price.	2.5 5-6	\$29.95
1212	Harold Koopowitz (malipoense 'Lime Light' x rothschildianum 'Mirror Image')	4 16-18 FS	\$95.00
1293	Ho Chi Minh (vietnamense x delenatii) Beautiful large flowers in white-pink. Very new hybrid.	2.5 6-7	\$29.00
656	Lynneigh Koopowitz (delenatii 'Birchwood' AM/AOS x malipoense 'Jade) Delightful large flowers in white/pink colors with nice red stripes. Fragrant too!	2.5 5-6	\$24.95
1361	Magic Lantern 'Majestic' (micranthum x delenatii) Large divisions of an excellent clone. Pink flowers with nice burgundy markings on tall stems.	3.5 12-18 FS	\$45.00
554	micranthum x stonii This could be a very spectacular multifloral Parvi hybrid. Micranthum as the pod parent should limit plant size and emphasize color and markings.	2.5 4-5 2.5 6-7 3.5 7-8 NFS	\$24.95 \$29.95 \$49.95
1362	Minnesota Moccasin (micranthum x moquettianum) Flowers in pink and yellows. A wonderful hybrid.	3 10-12 FS	\$45.00

		3	12-14		\$29.95

Multifloral Hybrids

The multifloral hybrids can be as magnificent as any plant and some even vie for the top honors of the floral kingdom. Many can be described as handsome, majestic, and awe inspiring. In many of the hybrids, the petals are very long and create the impression of a flower stalk festooned with ribbons. The plants are quite desirable and are in high demand.

1217	Berenice (philippinense x lowii) Lots of flowers on tall spikes in tan and mahogany colors. Always in demand. Easy to bloom.	3	16-18		\$24.95
1218	Berenice (philippinense 'Victory' x lowii 'Select')	2.5	16-18		\$24.95

1370	Temptation (philippinense 'Calico' AM/AOS x kolopakingii 'Klemms') Lots of flowers with red stripes.	4-5 24+ FS	\$60.00

Maudiae Type Hybrids

Probably more plants of paph. Maudiae are grown than of all other orchid hybrids. They tend to be on center stage in the current cycle of orchid fashion. These plants are very desirable due to their handsome flowers on tall stems, quick maturity and blooming, plus a compact growth habit. We have vinicolors, flame, coloratums and albums.

1224	Coronado's Quest (Black Cherry x wardii) Dark maroon flowers with lots of hair on the petals.	2.5 6-7 NFS	\$16.95

1375	Pink Sky 'Pink Dragon' x sanderianum 'Year of the Dragon' Pink Sky' is delenatii x Lady Isabel. We expect medium long petals. Flowers in pink with red spots and stripes. Could be very interesting!	2.5 10-12	\$75.00
1119	stonei x Sander's Pride A very interesting new hybrid. Should produce nice long petals. LIMITED!	4.5 24-30 FS	\$95.00

Standard Complex Hybrids

In the past, older crosses of complex hybrids have been somewhat ignored by the orchid grower. New breeding lines have produced some sensational results in the last few years. We feel they may become the progenitors of new breeding lines. New crosses have produced many delightful novelties and are worth adding to a collection. Most plants are easy to grow and flower. Most flowers will last a long time.

1374	New World x Frank Pearce Bronze to red with spots.	2.5 12-14 NFS	\$24.95
		4.5 18-24 FS	\$34.95

All prices subject to change after December 31, 2008.

Our policy is to create the best customer relationship possible. If there is a problem with your order, please let us know. Your satisfaction is our ultimate goal.

Claims must be made within three days of receipt of order.

FOREIGN ORDERS

We now have CITES I and II permits that allow export of Paphs and Phrags from the United States. Customer may require an import permit. Please check with your local authorities.

Minimum order \$500.00 net (after applicable discounts).

Shipments will be made by express mail. Please indicate if you have another preferred carrier.

Shipping charges may vary depending on plant size, quantity, and destination country. Please inquire.

\$100.00 fee for CITES and PHYTO documents.

Plants will be shipped two to three weeks after receipt of order and funds.

All plants will be shipped bare root. Roots will be wrapped with moist sphagnum or shredded wax paper.

Your phone number MUST accompany your order. If a FAX number is available, please include that as well.

U.S. SHIPMENTS ONLY

Shipping and packaging charges for orchids - 1 plant \$8.00, each additional plant \$1.75. When, for shipping large plants, special deliveries, or for other unforeseen reasons, extra shipping charges occur, you will be billed for our costs.

All orders are shipped by Priority US Mail. Please indicate if you have another preferred carrier.

For winter shipments (December through February), we recommend Federal Express Next Day delivery (higher cost).

Orders shipped within 7 days of receipt. Winter shipments may be delayed due to weather.

All plants will be shipped in pots, unless otherwise advised.

New York state residents add 8% sales tax.
